

Crawler Crane

The Crawler Crane is a small lifting device that is particularly suitable for use in confined areas that are inaccessible to normal cranes. Crawler cranes are known for their small size, light weight, low pressure on the ground, and their ability to work flexibly in confined spaces..

OUR ADVANTAGES

Professional Factory

20 years of experience in crane production

Support Customization

Can meet customers' individual customization needs

24 hours Customer Service

Professional after-sales service, 24 hours online

型号	Model	BLS1.0
最大作业半径	Max Working Radius	5.07M*0.2T
最大地上扬程	MAX Ground Lifting Height	5.6m
整车尺寸	Dimension	2140mm*600mm*1413mm
重量	Vehicle Weight	1230KG

型号	Model	BLS3.0
最大作业半径	Max Working Radius	8.25m*0.15T
最大地上扬程	MAX Ground Lifting Height	9.6m
整车尺寸	Dimension	2890mm*800mm*1700mm
重量	Vehicle Weight	2600KG

型号	Model	BLS3.0T
最大作业半径	Max Working Radius	8.64m
最大地上扬程	MAX Ground Lifting Height	9m
整车尺寸	Dimension	2850mm*850mm*1600mm
重量	Vehicle Weight	2200KG

型号	Model	BLS5.0
最大作业半径	Max Working Radius	12.4m*0.13T
最大地上扬程	MAX Ground Lifting Height	13.1m
整车尺寸	Dimension	4100mm*1300mm*1950mm
重量	Vehicle Weight	4500KG

型号	Model	BLZ5.0	BLZ6.3	BLS8.0
最大作业半径	Max Working Radius	5.6m	15.8m	15.7m*0.45T
最大地上扬程	MAX Ground Lifting Height	6.5m	19m	18m
整车尺寸	Dimension	1585mm*1400mm*1726mm	4660mmx1600mmx2470mm	5000mm*1620mm*2190mm
重量	Vehicle Weight	2500KG	6200KG	7800KG
